

# MISSION FEEDING TRAIN THE TRAINER

WW Menu 2025  
V1.3 2026-02-17

# Reasons & Advantages

- New concept: combines requirements of **flight feeding** and **ground feeding** (DFAC Grab 'n Go)
- Optimized for current flight feeding needs
- Aircraft space optimization (refrigerator, storage, fits trash receptacles)
- Reduced trash volume / Go Green
- Easy-to-handle / transport
- Improved food safety
- Modern touch & feel
- Cost efficient

# New general concept

- Intended use:
  - *Flight Box for supplements, only. Usually, not used in refrigerator*
  - *Refrigerated items generally packed / stored separately*
- Boxes:
  - *Boxes with windows are intended for DFAC / Grab'n'Go-use.*
  - *Boxes for flight feeding have no windows.*
- Paper Bags:
  - *Greaseproof for most meals*
  - *Easy-to-use*

# FLIGHT BOX 2.0

## → Flight Kitchen

- Inside: safe for direct food contact
- Coating: Leak protection & holds liquids
- Oven- and microwave safe <400°F / 220°C
- Closing tab
- Alternative DFAC use:  
Use as single-compartment clamshell when necessary

# Handling instructions

- Insert all required components of supplement

Supplement 4

Supplement 1

Supplement 2

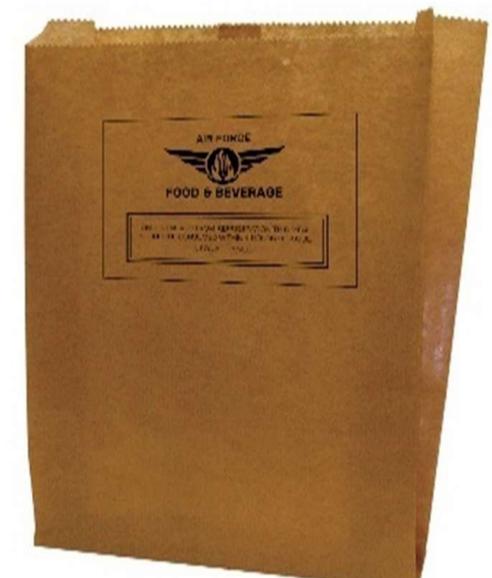

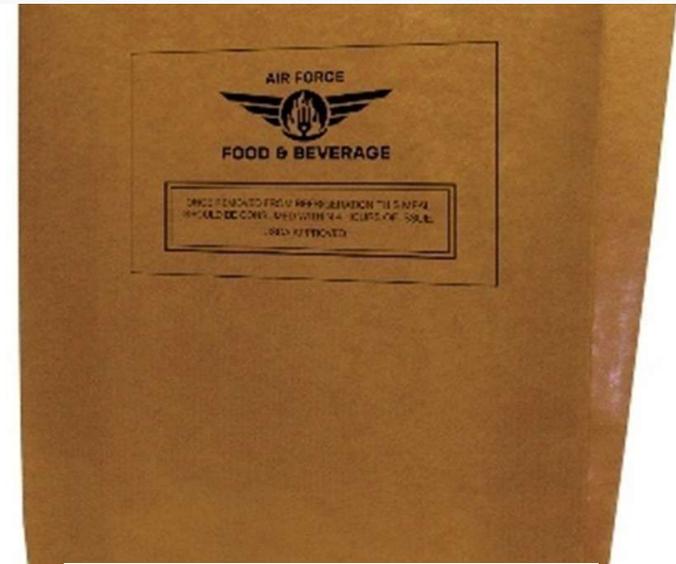

Supplement 3

# PAPER BAG S & L

## → Flight Kitchen

- For most (hot) meals  
e.g. sandwiches, wraps, fingerfood
- Wrap food & close with stickers (→ next slide)
- Small and large size available
- Uncoated, unbleached, compostable, grease-proof
- Extremely cost efficient

#63765442  
#63765443

# Handling instructions

- Place bag on the prep area with logo facing down, opening facing you
- Insert food item to the bottom of the bag, parallel to bottom
- Fold over (about 1 inch) and straighten top of bag
- Roll bag around food item, one to two times as needed
- Apply appropriate sticker to close the bag
- Fill in or stamp production date & time

# LABEL DISPENSER & STICKER

- ➔ Flight Kitchen
- ➔ DFAC Grab 'n Go

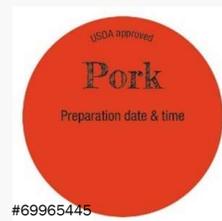

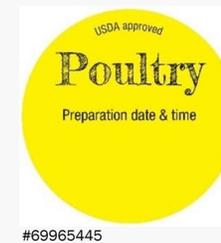

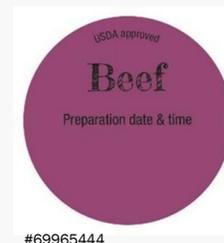

- Food safe paper stickers on rolls
- Intuitive color coding for fast & easy product identification
- May be used as tamperproof seal
- Space for production time & date

- Variations:

- *Beef*
- *Pork*
- *Poultry*
- *Fish*
- *Veggie*
- *Vegan*
- *General: AF Food & Beverage*
- *Easy additions when required (i.e. Halal & Kosher)*

← Dispenser is part of the program

# Handling instructions

1. Mount new sticker roll in empty rack

2. Thread end of roll under both yellow rollers and gray plate

3. Thread end of roll down between gray plate and metal roller (with springs)

4. Pull end of roll down to dispense labels

# Handling instructions

# CARRY BOX & LID

→ Flight Kitchen

- Extra strong
- Holds up to 6 complete flight meals
- Easy to carry (built-in handles)
- Replaces plastic bag(s)
- Bundles & protects food contents
- Lid: protects contents and enables stacking (use as needed)

#60265439

#60265440

# PAPER CARRY BAG

→ Flight Kitchen

→ DFAC Grab 'n Go

- Extra wide bottom
- Product size is intended to maximize versatility while eliminating need for multiple sizes
- Suitable for DFAC carryout, fits standard clamshells
- Suitable for up to 2 complete flight meals

#65065534

# Handling instructions

- Step 1: Separate the perforated folds on the left and right

- Step 2: Lift top and bottom to fold together
  - *Ensure tabs insert into slots*

# Handling instructions

- Step 3: Bring side panels up and push in handles, fold tops down
  - *Ensure tabs insert into slots (inside of box)*

- Step 5: Unfold the lid and place it on the box

# Handling instructions

- Stack up to six mission feeding boxes on one side of the box
- Use remaining space for paper bags and / or other boxes
- Use lid if needed to cover / protect contents
- Lid needed when stacking boxes
- Use box to collect trash on board
- Can be reused if not contaminated
- Do not spill liquids into box

# COFFEE CUP & LID

→ Flight Kitchen

→ DFAC Grab 'n' Go

- Fitting lid
- Modern touch & feel
- Suitable for cold drinks

#34918159  
#34915217

# DFAC GRAB'n'GO: Boxes

- Transparent window
- Products with windows are generally intended for DFAC use as customers can see the product. Product with windows is not as stable as without window.
- For:
  - sandwich
  - fingerfood
  - salad
  - desserts & fruit
  - etc.
- Deli-style presentation
- Combines safety, protection, and transparency
- Window supports visual purchasing decision

# GRAB'n'GO Clamshells

→ DFAC Grab 'n' Go

- Very stable, perfect for stacking and transportation
- 2 compartments
- Two sizes: small & large

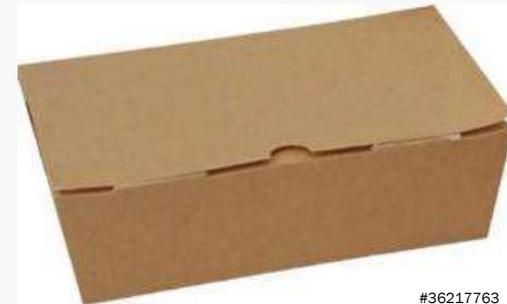

# Food boxes

→ Flight Kitchen

- Very stable, perfect for stacking and transportation
- Product mainly intended for in-flight use since stability is more important than visual presentation
- Use for:
  - *fingerfood*
  - *salad*
  - *desserts*
  - *etc.*

#36217947

#36217763

# CUPS & LID

→ Flight Kitchen

→ DFAC Grab 'n' Go

- Dressing & condiment cup
  - *small & large size available*
- One lid fits both cup sizes
- For dips, dressing, condiments, etc.

#34917949 (80ml)  
#34918017 (100ml)  
#34917951 (lid)

# FLATWARE SET

→ Flight Kitchen

→ DFAC Grab 'n' Go

- Made of FSC-certified wood
- Contains:
  - *Knife*
